## Additional Comments

## Key to Criteria

- **Big Picture:** How well did the applicant demonstrate an understanding of the big picture/importance of the proposed investigation?
- **Hypothesis:** How well was the hypothesis or research question stated?
- **Methodology:** How well was the methodology described?
- **Budget:** How well were expenses, supplies, and equipment justified?
- **Appropriateness:** How well did the proposal fit within the scope of the GIAR program? Did it conform to ethical standards (if applicable).
- **Competitiveness:** How competitive was this application in comparison to other proposals in this field?
